HIGHLIGHTS

Engine:

- VX 950 EFI Fan Cooled V-Twin with Hood Fan

Drivetrain:

- Automatic Admiral Transmission
- Triple Differential
- H/L/N/R
- Instant Torque Clutches

Steering:

- APS (Argo Progressive Steering)

Seating Capacity:

- 4 People

Tires/Wheels:

- XT119 Mud Tire
- 25x12-9
- Steel Beadlock Wheels

Key Features:

- Heavy-Duty Front Brushguard
- 3,500 lb. Winch with Synthetic Rope
- Heavy-Duty Front Rack
- Full-Coverage Roof
- HDPE Fully Enclosed body
- Brake Cooling Fan
- Automatic Chain Lubrication System
- Easy-Access Grease System
- 2" Receiver Hitch
- 1,800 lb. Towing Capacity
- Certified ROPS

AURORA PRO 950 XT 8X8

GO

Engine

Our highest horsepower engine ever released in an XTV chassis, the VX Series, 4-stroke EFI big block v-twin engine is an absolute brute when conquering every terrain imaginable. Capable and proven for both recreation and commercial applications, the VX 950 delivers consistent and reliable performance in all temperatures and climates.

Argo Progressive Steering (APS)

Operated in conjunction with the Admiral transmission, APS adds a spring element between the handlebars and the brake system to deliver a progressive, dual-rate steering system that results in an easier, smoother turning motion that instills driver confidence while offering improved steering.

ADDED FEATURES

Topping off what is an already amazing vehicle, the Aurora Pro models come standard with a heavy-duty front brushguard with 3,500 lb. winch and synthetic rope, front hood rack, an ISO 5700 and SAE J2194 certified ROPS with full-coverage roof, brake cooling kit, hood fan and an auto chain lubrication system to reduce maintenance intervals and a central easy-access grease system for easy general maintenance.

Transmission

The ARGO admiral transmission uses a sophisticated gearing system and dual differentials located on the output shafts. The braking force is applied to a steering differential vs. to the output shafts, translating into smoother and gentler steering.

Beadlock Wheels with 25" Tires

Innovative ARGO beadlock rims allow for lower tire pressure providing a 30% smoother ride. Paired with the low pressure XTV tires, an astonishing 1.5-psi tire pressure is achieved for a smoother, more comfortable ride over unruly terrain.

Drivetrain

The ARGO Instant Torque Drive System (ITDS) delivers dramatically improved performance by coupling the trusted ARGO Instant Torque Clutch (ITC) with the bulletproof Admiral transmission to deliver increased acceleration and enhanced torque.

All Terrain Fully Enclosed Body

The one-piece, high-density polyethylene (HDPE) lower body is ARGO's signature design feature. The smooth and durable underbody floats over potential snags, stumps and outcrops as well as wetlands and water courses, keeping water hazards out while delivering unparalleled stability and control.

ENGINE

Cylinder	V-Twin
Fuel System	EFI
Cooling	Fan Cooled
Alternator Output (max)	50 AMPS

DRIVETRAIN

Transmission Type	Admiral w/APS
Drive Belt	Heavy Duty
Service Brakes	Hydraulic
Steering Brakes	Hydraulic
Brake Cooling Kit	Standard
Auto Chain Lubrication	Standard
Speed on Land	25 mph (40 Km/h)
Speed on Water	Water Fording

DIMENSIONS/WEIGHT

Length	126 in (3,200 mm)
Width	60 in (1,524 mm)
Height	77 in (1,956 mm)
Weight	1,845 lb. (837 kg)
Load Capacity – Land	705 lb. (320 kg)
Load Capacity – Water	505 lb. (229- kg)
Towing Capacity	1,800 lb. (816 kg)
Fuel Capacity	8.5 gal (32.2 L)
Seating Capacity – Land	4
Seating Capacity – Water	4

TIRES & WHEELS

ARGO Tires	ARGO XT119 25X12-9
Wheel	Steel Beadlock
Ground Clearance – Tires	10 in (254 mm)
Ground Clearance – Tracks	11 in (279 mm)
Ground Pressure - Tracks	0.88 psi (6.1 kPa)

FEATURES

Front Rack	Standard
Brushguard	Standard
Winch	3,500 lb. with Synthetic Rope
Full Skid Plate	Standard
Bilge Pump	Standard
Entry Step	Accessory
Axle Bearing Extensions	Standard
Easy Access Grease System	Standard
ROPS	Standard
Rear Mesh	N/A
Roof	Standard
Cargo Box	N/A
Power Dump Box	N/A
